

G4S WACKENHUT ANNOUNCES NORTH AMERICAN CORPORATE HQ MOVE TO NEW LOCATION IN PALM BEACH COUNTY

**G4S Wackenhut Announces North American Corporate
Headquarters Move to New Location in Palm Beach County**
New Building Will Feature Green Design and Cutting-Edge Security Technology

(Palm Beach Gardens, Florida) - G4S Wackenhut, America's largest provider of security solutions, has signed an agreement with Rendina Companies to build the new G4S North American corporate headquarters in Jupiter, near Abacoa's Town Center. The long-term agreement was signed on October 9, 2009 with the assistance of the Business Development Board of Palm Beach County. G4S Wackenhut will move to the build-to-suit, four-story, 63,000 square foot building in February 2011.

"Over the past few months we looked at several sites-both within and outside of Palm Beach County. We decided to remain in the county after careful consideration of what was best for our company and our employees. To be honest, we really enjoy living and working in this county, where the quality of life is outstanding," states G4S North America President Drew Levine. "An added benefit to staying in Palm Beach County is that when our clients, customers and colleagues from around the world come here for meetings and training, they often refer to our location as paradise. The new location in Abacoa's Town Center will only add to that appeal."

Rendina Companies will develop the new, energy efficient building that will feature some of the latest green design elements for energy savings and low carbon footprint. They will also incorporate much of the cutting-edge security technology that G4S Wackenhut offers

its clients. It will be in the heart of the Abacoa Town Center, which is a mix of restaurants, sports, offices, parks and university campuses.

The facility will house G4S Wackenhut's sales and technology centers, the G4S North America Training Institute and other G4S business units that specialize in international accounts, regulated security, compliance and investigations.

"We are very excited to be bringing G4S Wackenhut to Abacoa to help complete the 'Live, Work, Play' lifestyle my father and George DeGuardiola envisioned for Abacoa Town Center over a decade ago," said Richard M. Rendina, Chairman & CEO of Rendina Companies. "The G4S Wackenhut employees and their international visitors, coupled with the soon-to-be developed Marriott Courtyard hotel, will further energize Abacoa Town Center as a focal point for commerce in Jupiter and Palm Beach County."

The G4S Wackenhut North American Headquarters project took approximately 2 years to complete. Bob A. Schneiderman, principal of NAI/Merin Hunter Codman, is the exclusive commercial real estate broker for G4S Wackenhut and handles all of their leases nationwide.

"G4S Wackenhut is an extremely important corporate partner and employer in Palm Beach County," said Kelly Smallridge, president and CEO of the Business Development Board. We were happy to assist them in their desire to maintain their North American corporate headquarters here."
